

LIFT EXPRESSION OF INTEREST FORM

Use this form to outline your idea and we will contact you to discuss

About the Lift:

The Lift programme (formerly the Leadership Incentive Fund) enables local solutions to local issues through funding, technical advice and support. The Lift no longer has deadlines so courts can apply for funding for locally run development activities at any time. It does, however, have an annual budget so early applications are encouraged.

Timing:

A period of 6-8 weeks is required for PJSP to consider this request and then seek approval from the funders, the Ministry of Trade & Affairs.

About this form:

This form is designed as a first quick step to submit an idea for Lift funding. Please submit your expression of interest **as early as possible before** the proposed activity. If your proposal is within scope for funding, you will be required to submit a more comprehensive Lift Application Form which we are happy to work up alongside you.

Email contact@pjsp.govt.nz if you have any questions.
